Commissioners getting tough on budget limits

Randall County commissioners said Monday they will begin enforcing spending level limits for county departments. The announcement marked a major policy turn-around for commissioners.

Commissioners admitted they've been "wasting our time" in budget preparation the last few years.

"We waste time by budgeting because we make them up and then never look at them," Commissioner Jim Fletcher said. "We don't know where we're at or what we're supposed to spend."

"That's right," said County Auditor Betty Hodges.

"This," agreed Commissioner Paul Lindsey "is a waste of time, an absolute waste of time the way we've been doing it."

In past years, commissioners have made up the annual budget in August of each year, have considered and passed pay raises in January of each year and then have cast aside their budgets for the remainder of the year. It is rare to hear a commissioner ask whether an expenditure item is budgeted for.

It is also rare for commis-

sioners to turn down requests of county department heads for supplies, equipment or personnel.

In addition to open-court statements about their intention to begin controlling expenditures by enforcing budget limits, commissioners began dissecting with a critical eye each budget request of each department head during the Monday session.

Fletcher and Commissioner Dee Griffin complained that the budget requests of most departments was far too low to be realistic.

Griffin noted that already this year most departments are spending at a level above what they had asked for the next fiscal year.

This practice, he warned, would result in a deficit next year of around \$80,000.

Commissioners rolled up their sleeves and dove into the budget proposal presented by Mrs. Audrey Bruse, tax assessor-collector. They told Mrs. Bruse to refigure her budget and return later with more accurate budget request figures.

Their scrutiny of several de-

partmental budgets was marked Monday by a new tone of questioning.

"Is your budget realistic?" Fletcher asked County Clerk LeRoy Hutton, who had proposed expenditures of \$114,700 for the fiscal year beginning in October. "Can you live with your office, will it stand up under the budget you're proposing?"

"I could, yes," Hutton said. "Is it conservative?" Fletcher asked.

"Yes," said Hutton. Commissioners told Hutton to go back and refigure his budget

request to include accurate projections of payroll information.

County Judge Woody Pond told commissioners his budget proposal for \$28,330 was as accurate as it could be.

Dist. Atty. Randall Sherrod who was budgeted \$111,000 in the proposal prepared by Mrs. Hodges made a plea before commissioners for increased salaries in his office.

Sherrod told commissioners his salary of about \$23,000 is too low considering the pay of district attorneys in other counties and his work load.

Likewise, he said, the salaries paid first Assistant Rick Wilcox and assistant Dean Roper are too low.

"If you want a good D.A.'s office and you want to keep good people you've got to get the salaries up there," he said.

Justice of the Peace W. A. Wilson told commissioners his budget proposal was accurate except for the addition of several hundred dollars in new equipment needed for the office.

Commissioners' new interest in producing an accurate budget could well increase the budget

finally okayed for the next fiscal year.

The budget proposed for the year by Mrs. Hodges and Judge Pond reflects an increase of only 5 per cent in expenditures over the current year.

Expenditures for the year are budgeted in the proposal to be \$1,868,168. That compares with a budget for the current year of \$1,778,630.

Income for the next fiscal year is projected to be \$1,945,622, up more than \$100,000 over the income figure for the current fiscal year of \$1,810,956.

County is lax in buying supplies, grand jury reports

Randall County Grand Jurors indicted former county road superintendent Joe B. West on a charge of official misconduct Tuesday and issued a report slapping the hands of county commissioners.

After a full-day session during which 17 persons were indicted, grand jurors turned over to Dumas Dist. Judge Mike

Metcalf a brief statement concerning county commissioners.

"It appears the County Commissioners have been lax in supervising their personnel in the purchasing of supplies and in supervising the time of employees," the report states. "The Grand Jury suggests this be corrected."

The report was signed

by 10 grand jurors.

The report, according to Dist. Atty. Randall Sherrod, was apparently related to the grand jury's consideration of evidence against West, who resigned under pressure as county road superintendent on May 25.

The grand jury action leaves West, 62, charged with a third degree felony, official misconduct, and

relates specifically to the alleged transfer and use of county-owned gravel by West at West's country home. The incident is alleged to have occurred during October and November 1975.

Sherrod's investigator, Harold D. Hooks, presented evidence on the case to the grand jurors. No other witnesses were called.

County commissioners met in special session May 25 and went into executive session with West, who had just returned from vacation. West signed a resignation prepared earlier by County Judge Woody Pond.

In other action Tuesday, the grand jury found no reason to take action on a case involving the spanking of a Canyon Junior High School student.

Sherrod said the jurors heard testimony from Investigator Hooks, Jim Palmer of Canyon and Stephen Palmer, 15.

The district attorney said the Palmers and their attorney, Robin Green of Amarillo, had asked to appear before the grand jury concerning the administration of swats to Stephen during the latter part of the last school year by a junior high school teacher.

Seven indictments returned Tuesday related to a recent Amarillo area undercover narcotics operation.

Undercover Agent Ernest Douglas of the Amarillo Police Department presented evidence against the seven.

Those indicted for drug-related offenses were Tony Ross Brady for unlawful delivery of marijuana; Steve Michael Brown for unlawful delivery of a controlled substance; Mel Dean Christakis for unlawful delivery of marijuana; Kimberly Beth Cole for unlawful delivery of a controlled substance; Jimmy Wayne Manning for unlawful delivery of marijuana; and Gary Eugene Young for possession of marijuana over four ounces.

An indictment was returned against Melvin Shivers, a 28-year-old former employee of the West Texas State University athletic department. Shivers was indicted on a charge of forgery by making.

Sherrod said the charge stems from the alleged forging of the signature of athletic department business manager Jimmy Campbell on a student work-study program pay voucher.

Others indicted Tuesday were Michael Allen Crawford on a charge of criminal mischief over \$200 and under \$10,000; Larry J. Dalton, forgery by passing; Jesse Colon (See GRAND, Page 5)

City takes no action on elderly exemption

Agreeing that they might need to take a look at the homestead exemption in the future, the city commission left unchanged a \$3,000 exemption for the elderly after they concluded that the total tax bill for senior citizens will rise very little this year.

They amended their tax ordinance to increase the assessment ratio to 80 percent and lower the tax rate to 91 cents. "It is something we can't do anything about this year," Mayor Marly Bryan said. "But it is something to be thinking

about and to get with the school on."

Newly-elected Commissioner Steve Hines presented figures to illustrate his contention that the total city and school tax bill this year would rise very little, if at all, for senior citizens.

"I really don't think taxes for the elderly will double or triple," he said. "If it was just the city, you can say that but with the school allowing the \$3,000 exemption, taxes won't go up."

The city and the school district have a joint tax office and present both taxes on a single statement. The school board only recently granted the homestead exemption for senior citizens and the up-coming tax statement will (See CITY, Page 5)

Rainy season has finally arrived

The rainy season finally arrived for portions of Randall County last weekend and early this week.

After a prolonged drought period which began after big rains last August, the county was treated to gentle rains last weekend and Monday evening and early Tuesday.

Some areas of the county received as much as 2 inches of moisture from the storms. Some, however, received less than a half inch from the fronts.

For farmers on the high-receiving end of the moisture, the rains could provide enough moisture to allow planting of summer grain sorghum. Others must continue to wait.

The Palo Duro Canyon State Park area apparently received the most rain from the storms. Elon Baker, park superintendent, reported receiving 1.13 inches over the weekend and 1.25 inches Monday night and early Tuesday.

A South Randall County farmer reported receiving 1.50 inches of

School buys land for tennis courts

Land for the school tennis courts has been purchased, School Superintendent Jerry Jacobs announced Wednesday.

The large lot, totaling not quite a full block is located across from the high school on the corner of 9th Avenue and 8th Street.

The price-tag was \$16,000, Jacobs said.

"We think this is a good location because we can utilize it by both the high school and the junior high and it is in a good place for the

public to use too," he said.

Jacobs said he hoped to have the courts built by fall. He said delays will include clearing the lot and getting the plans drawn by the school's architect, who right now is busy with plans for the elementary school.

Six tennis courts were part of the recent bond issue passed to construct a new elementary school and enlarge the high school.

Final revenue-sharing funds to go to civic complex payment

After briefly considering several alternatives, the city commissioners Monday night decided to commit the final revenue-sharing payment to reduce the bonded indebtedness on the civic complex.

The last check under this revenue-sharing program will be for \$48,206. The money will be placed on deposit to draw interest until next August when \$20,000 will be withdrawn for payment on the principal owed on the \$1.3 million building.

Another \$20,000 will be paid in August, 1978.

While the city can defer spending the money, officials were required to designate the use now, city manager Glen Metcalf explained.

A new revenue-sharing program is before Congress now.

Donations told to parks fund

Contributions so far to the city parks and recreation funds have totaled \$75 but more money is in sight.

Treasurer of the fund, Mrs. Virginia Cotton, said that according to the June 1 band statements, the city parks board has on deposit \$50 at First National Bank and \$25 at West Texas State Bank.

However, she said, several clubs and other organizations have pledged contributions that are not included in the present deposits.

All of the donations so far have gone to the general fund, she said. Contributions can be designated for a specific use.

County workers don't get raise

Randall County commissioners did not vote Monday to grant an across-the-board pay hike of 6 per cent to county employees as was reported by Amarillo news media.

County Judge Woody Pond said the commissioners took no such action. An Amarillo newspaper article reported the commissioners had granted the pay hike.

Stout gets area position

Jess Stout of Jess Stout Ford, Canyon, has been appointed to the key post of Area Director of the Texas Automobile Dealers Association.

Bill Rogers of Midland, TADA president, said Stout will report to the TADA Board of Directors on all phases of activity relating to the motor vehicle buying public in Canyon.

"Stout will work closely with legislative and other governmental officials on all matters pertaining to the industry and the auto buying public," Rogers said.

TADA's executive vice-president, Gene Fondren of Austin, added, "The job of Area Director is one of the most important in our giant statewide association, and we are confident Stout will serve with great distinction."

of Brookhaven between 17th and 18th streets.

A cul-de-sac in the alley serving the planned homes must be included for service vehicles because the alley dead ends near 17th Street, the commissioners said.

The board also approved a recommendation from the city parks and recreation board to use funds from the sale of city property to extend water lines and build a temporary road to two baseball diamonds under construction at Southeast park.

The recommendation submitted to the city commission

was different from the original recommendation. At first the parks board asked the commissioners to approve the money to contribute lights to tennis courts the school plans to build.

But after a visit to the new park recently the board changed its recommendation.

Hines questioned the change before the board voted.

The mayor was empowered to execute the deeds on the sale of city property.

Consideration of the contract for Metropolitan Ambulance Service was postponed.

Lights aren't needed, tennis buff tells city

Lighted courts are extravagant luxuries, an avid tennis buff told the city commissioners, but wind screens are a necessity.

Elton Cox, city attorney and tennis player, told commissioners that if the city wants to help tennis facilities, it can move the water and sewer lines when the courts are begun and provide wind screens for the courts.

Moving the utility lines will cost about \$1,600 and wind screens are about \$4,000, he estimated.

The topic turned to tennis at the commissioners' meeting when a recommendation from the parks and recreation board was approved. The parks board had originally wanted to use some additional funds to provide lights for tennis courts to be built by the school. Instead they changed their recommendation

to extend water lines and a road to Southeast Park.

Very few tennis fans play at night so lights will add very little usable playing time, Cox said.

"What the Canyon Independent School District really needs is to hire a full-time tennis coach who will take an interest in the program," Cox said.

Rude gesture gets attention, brings arrest

An unwise gesture resulted in considerable trouble and delay for a car-load of travelers from Plainview Friday.

According to arresting officer, Joe Fiola, one of the occupants of the vehicle "stuck his hand out of the vehicle and gave an offensive gesture."

Fiola stopped the driver and arrested the four occupants all for possession of marijuana.

Monday the charges were dropped for Amelia Ann Johnson, 19; James Allen Cox, 18; and Linda Carol Warren, 18.

Mark Wesley Beck, 18, was charged with possession of less

than two ounces of marijuana cigarettes in his hand when the vehicle was stopped.

A toothbrush cost a Pecos man \$37.50 Monday.

Chavez Lopez Santos pleaded guilty in municipal court to shoplifting.

According to police, Santos was apprehended at Ideal Foods with the toothbrush hidden in his sock.

Two traffic accidents occurred Monday at 7:30 a.m. at the same time within fifty feet of each other.

Police said that Kim Campbell Barnes, a student at WTSU, was southbound on US 87 just north of Spur 48. As she slowed for traffic ahead, her vehicle was hit from the rear by an auto driven

by Sandra B. Ellington, a WTSU student from Liberal, Kan.

Ellington received minor injuries, according to the report. As that wreck took place, two cars behind that collided.

The car driven by Charles Dale Beebe of Miami, Tex. was hit from the rear by a vehicle driven by Susan Lynette Harris of Matador.

No charges were filed.

Wendell Bruce Stevenson, 27, of Midland pleaded guilty to DWI and was sentenced to three days in jail and was fined \$200 plus court costs.

Stevenson was arrested about 3:30 Monday morning.

Robert Walter Gabbard of Hereford was also charged Monday morning with DWI.

Services held for Mrs. Rice

Funeral services for Mrs. Johnnie Rice, 88, of 2702 6th Avenue, Canyon, were held at 2 p.m. Tuesday at Schooler-Gordon Funeral Chapel in Canyon with Rev. Richard Korsmo of Grace Baptist Church and Rev. A. J. Pettit of First Assembly of God Church conducting the services.

Burial was conducted at Dreamland Cemetery. Mrs. Rice was born Nov. 20, 1887 in Correll County, Texas and came here from Marlow, Okla. in 1944. She was married to Robert M. Rice June 10, 1906 at Grayson County and died at Northwest Texas Hospital in Amarillo Sunday afternoon.

Survivors include a son, Bob Rice of Tulsa; two brothers, Tom Anderson of Everett, Wash., and Sam Anderson of California; a sister, Mrs. Ruth Morrow of Modesto, Calif.; 6 grandchildren, 12 great-grandchildren and 2 great-great-grandchildren. She was preceded in death during 1975 by a daughter, Mrs. C. A. (Ruth) Dodson of Canyon.

Junior Rodeo time is being sponsored Friday and Saturday by the Randall County Sheriff's Posse with buckles, ribbons and all-around plaques being offered in youth divisions for boys and girls from 7 and under through age 18.

The rodeo with Bedford Forrest, KVII farm and ranch news director, as emcee will begin at 7 p.m. both Friday and Saturday evenings at the RCSP arena, 2 miles south of Canyon and 1/2 mile west off of US Hwy 87. Entry books close two hours before the show.

Additional rain may cause it to be moved to the WT arena.

The first night's rodeo events will include barrel racing and flag racing for boys and girls 7 years and under. Other events of the evening will include barrel racing, pole bending, potato races and steer riding for boys and girls in the age division of 8-10 along with the boys 11-14.

All-around plaques for each division with buckles for first through third place and ribbons for 4th and 5th places will be awarded at the conclusion of the evening's rodeo.

Saturday evening the rodeo will include barrel racing, pole bending, goat tailing and steer riding for girls in the 11-14 year bracket along with the boys and girls events for 15-18 years of age. The boys will participate in ribbon roping and calf roping while girls will be involved in barrel racing, pole bending, goat tying and steer riding.

At the conclusion of rodeo events, the plaques, ribbons and buckles for each division will be awarded preceding the open team roping event for 18 years

and under. Team entry will be \$20 per team with a stock fee of \$5 and a payback rate of 50-30-20.

The Sheriff's Posse is sponsoring a drawing to be conducted as events kick off on Saturday. Included in the drawing are 1/2 beef donated by the Parker Cattle Company, a set of open end and box end wrenches donated by Wayside Grain Company, and a ticket book of 10 car washes donated by the Palo Duro Car Wash in Canyon.

Softball times are set earlier than originally

Time changes are being made regarding the men's softball games being sponsored under the Summer Recreation Program at West Texas State University.

Games, which were regularly scheduled to begin at 6:30 p.m., will be getting underway at 6 p.m. and those games set for 8 p.m. will be starting at 7:30, according to an announcement from the sponsoring organization.

NOTICE OF FINDING OF NO SIGNIFICANT EFFECT ON THE ENVIRONMENT

June 10, 1976

City of Canyon
Office of the City Manager
P. O. Box 299
Canyon, TX 79015
(806) 655-7136

TO ALL INTERESTED AGENCIES, GROUPS, AND PERSONS:
The above-named City of Canyon proposed to request the U.S. Department of Housing and Urban Development to release Federal funds under Title I of the Housing and Community Development Act of 1974 (PL 93-383) to be used for the following project:

West Canyon Paving Project to pave streets in the western portion of the City of Canyon, Randall County, Texas at a cost of \$22,000.

It has been determined that such request for release of funds will not constitute an action significantly affecting the quality of the human environment and, accordingly, the above named City of Canyon has decided not to prepare an Environmental Impact Statement under the National Environmental Policy Act of 1969 (PL 91-190).

The reasons for such decision not to prepare such statement are as follows:

The West Canyon Paving Project will have only beneficial effects on the environment of the surrounding area including improved transportation, water drainage, and general overall appearance while at the same time eliminating blowing dust, pooling effects of rain water, and rock and gravel damage to automobiles and immediate residents.

An environmental Review Record respecting the within project has been made by the above-named City of Canyon which documents the environmental review of the project and more fully sets forth the reasons why such Statement is not required. This Environmental Review Record is on file at the above address and is available for public examination and copying upon request at the Office of the City Manager between the hours of 8 a.m. and 5 p.m.

No further Environmental Review of such project is proposed to be conducted, prior to the request for release of Federal funds.

All interested agencies, groups and persons disagreeing with this decision are invited to submit written comments for consideration by the City of Canyon to the office of City Manager. Such written comments should be received at P. O. Box 299, on or before June 25, 1976. All such comments so received will be considered and the City of Canyon will not request the release of Federal funds or take any administrative action on the within project prior to the date specified in the preceding sentence.

CITATION BY PUBLICATION

TO: CHARLES W. SANDERS and the UNKNOWN HEIRS OF LELAND HARTMAN, deceased, Defendants, Greeting: YOU (AND EACH OF YOU) ARE HEREBY COMMANDED to appear before the 47th District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 13th day of May A.D. 1976, to Plaintiff's Petition filed in said court, on the 15 day of July A.D. 1975, in this cause, numbered 14,772-A on the docket of said court and styled MARY LOTTIE URSCHEL, INDIVIDUALLY AND MARY LOTTIE URSCHEL AND DANIEL RALPH URSCHEL, INDEPENDENT EXECUTORS OF THE ESTATE OF LESTER B. URSCHEL, Plaintiffs, vs. PANHANDLE DOWNS, INC., ET AL, Defendants.

A brief statement of the nature of this suit is as follows, to-wit: The nature of this suit, briefly stated, is to quiet title to real property and for a declaratory judgment as to rights arising from the relationships between Plaintiffs, Defendants and Panhandle Downs, Inc., in which Plaintiffs, for cause of action, would respectfully show the Court:

1. That on or about July 10, 1975, Lester B. and Mary Lottie Urschel were lawfully and in fee simple, seized and possessed of realty situated in Randall County, Texas, and legally described as being 330 acres out of Section 77, in Block B-5, H&GN Ry. Co. Survey, Abstract No. 222, Patent No. 286, Vol. 61, dated December 31, 1880, and being the west 330 acres of that portion of said Section 77 which lies north of U.S. Highway No. 60, in Randall County, Texas.

2. That Defendants wrongfully and unlawfully entered upon and wrongfully withheld possession of the aforesaid land from Plaintiffs to the damages of Plaintiffs.

3. That Defendants through some relationship or claim of relationship with Panhandle Downs, Inc. are asserting some claim to some interest in the aforesaid land, which claim is invalid.

4. That none of the Defendants have any right, title or interest in or to the aforesaid land and for other and further relief to which Plaintiffs are entitled as more fully shown by Plaintiffs' Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Witness, LaQuitta Polvadore, Clerk of the 47th District Court of Randall County, Texas.

Issued and given under my hand and the seal of said court at Canyon, Randall County, Texas, this 13th day of May A.D. 1976.

Student initiated

Harold Thompson, a Canyon student at the University of Texas at Austin, has been initiated into Phi Eta Sigma, national scholastic honorary fraternity for freshmen men.

Thompson, son of Mr. and Mrs. Clarence E. Thompson of Canyon, was initiated into the fraternity along with 366 other UT students. To qualify for the organization, a first-year student must have maintained a grade-point average of at least 3.5 while carrying 12 or more hours of course work.

Commissioner appointed to oversee major road improvement project

County Commissioner Paul Lindsey of Canyon was appointed Monday to oversee two major road improvement operations this summer until the county can hire a new road superintendent.

Over Lindsey's protest, other commissioners voted to pay him \$100 per week while he supervises a seal-coating program and weed-cutting program on county roads.

Lindsey was also told to use a county pick-up while acting as supervisor of the roads.

The action came just two weeks after the forced resignation of Joe West, county road superintendent. West was indicted Tuesday by a Randall County grand jury for official misconduct while road superintendent.

Jake Diel of Hereford was given a contract for providing seal-coating of several county

roads this summer. Diel was sole bidder for the project with a price of \$23,200.

Amarillo Landscape was awarded a contract to provide landscaping around the South Amarillo courthouse annex on Georgia Street.

The firm bid \$5000 to provide an underground automated sprinkler system, trees, bushes and shrubs around the annex.

Amarillo Seed House bid \$6100 for the sprinkler system and landscaping.

Commissioners also purchased a flag-pole for the annex at a cost of \$397. The pole will be erected by county road personnel.

Commissioners agreed to pay \$2293 to case a pipeline owned by Diamond-Shamrock of Amarillo, a pipeline which goes under the east extension of Hunsley Road which is to be widened and paved by the Texas Department of Highways and Public Transportation.

They also agreed to pay for the

movement of a gas line for a property owner on the east Hunsley Road extension. Low bidder was Yard Boy of Canyon with a bid of \$1238. Other bidders were E. J. Larson who bid \$1449, and Keith Brock who bid \$1478.

Commissioners granted a salary increase for Assistant Dist. Atty. Dean Roper who had been making \$12,000 per year. The increase is to \$13,500 per year and is effective June 1.

In arguing for the salary hike, Dist. Atty. Randall Sherrod told commissioners he will not be able to keep competent assistants in his office unless salaries are increased to a level somewhat commensurate with salaries being paid in other counties for assistants.

Commissioners agreed to the sale of bonds in the Randall County permanent school fund. Once sold, funds from the permanent school fund will be divided between the several school districts in Randall County.

Fresh look underway for Buffalo Lake area

By the end of summer, park facilities at Buffalo Lake National Wildlife Refuge should have a fresh new look.

Picnic tables, grills, signs, buildings and such around the refuge are being overhauled by teenagers participating in a Youth Conservation Camp this summer.

Thirty teens, ages 15-18, from throughout Texas were selected to attend this camp, held for the first time at Buffalo Lake. A similar program at Lake Meredith is in its third year, Bryce Slack, camp director said.

In the eight weeks of the federally funded program, the campers will work 30 hours a week and will receive environmental education totaling 10 hours a week. They are paid the federal minimum wage and receive room and board.

"This is a wide open program," Refuge Director Paul Ferguson said. "There are no restrictions on income level or need or anything like that. That's one reason we like the program so well."

As their first project, the campers are refurbishing a rambling building at the park to use for a dormitory. The building, originally was used as a dance hall and entertainment, explained Carol Snider, director of the environmental education instruction. Later, the building was used as the home for the assistant refuge manager and then it

was divided into rooms for a bunkhouse.

The building has been partitioned into separate sections for boys and girls. Inside is getting a new layer of paint and screens and windows outside are being repaired.

Other projects will include banding and observing morning doves, repair around the park, building a nature trail and general maintenance and cleanup, Slack said.

They will also assist Umbarger residents, said Slack. The project will probably be repainting inside the community house.

The group is brought to Canyon for breakfast and supper at the WTSU cafeteria. At noon, they have a sack lunch.

To break the routine at the seven-day residential camp, the group will take side trips to other areas, and will use the WTSU Activities Center for entertainment.

Crew leaders are all college students or recent graduates with degrees in environmental science. They are Wendy Brown of New Mexico University, Doug Snider of Kansas State, and Karen Crow, Britt Canada, Becky Via and Jim Rogers, all of WTSU.

The program is administered by the Department of Interior and the Department of Agriculture. Campers are referred by school counselors or the Texas Employment Commission.

City . . .

(Continued from Page 1)
be the first one senior citizens will get that reflects the \$3,000 exemption on both city and school taxes.

As a result, Hines said, the decrease in school taxes would offset the increase in city tax.

"Please don't think I want to tax senior citizens more," he said later. "I just don't think this will raise the taxes they have to pay."

Hines said that according to his figures, the tax a senior citizen pays on a home valued at \$6,000 would be less than the present taxes.

However, in figuring next year's taxes for the school, both Hines and tax assessor Conway Kuykendall used a tax rate of 96 cents per 100, or half the present tax rate. The school board has not yet set a rate, but they have said it will be more than 96 cents.

The city's action Monday night was due to a recent increase by the school board in the assessment ratio from 40 to 80 percent. Because of the combined tax statements, the city also had to raise the ratio of assessments to 80 percent.

By doubling the assessment ratio and halving the tax rate, they will produce the same amount of revenue next year for the city that the original rate would have produced.

The tax juggling will have little effect on younger taxpayers. But because it will increase the value of the property on which they are taxed, senior citizens will feel an increased tax bite on city taxes.

For example, using the figures Hines presented to the commission, last year the school tax

on a home valued at \$24,980 amounted to \$191 without any exemption.

With the \$3,000 exemption, an assessment ratio of 40 percent and a tax rate of \$1.82, city taxes amounted to \$134.12.

The total tax bill was \$325.93. This year, with the \$3,000 exemption and using an 80 percent ratio and the theoretical 96 cents as a tax rate, school taxes will drop \$22.46 to \$169.35.

But, using the exemption, the 80 percent ratio and a tax rate of 91 cents, city taxes for senior citizens will rise by \$23.86.

The total tax bill for both school and city will increase by \$1.40 to \$327.33.

A tempting offer on a gas grill.

Right now, we're making you a tempting offer on gas grills with twin burners! Independently controlled twin burners never use more gas than you need. For big meals, use both burners. For smaller meals, save gas and money by using one burner and half the grill. A gas grill adds a new dimension to family meals and entertaining. It eliminates the fuss and bother of cooking outside while it keeps the flavor and the fun. And, because you take cooking heat out of the house and the burden off your air conditioning, you save energy, too.

Buy one of these grills before August 1, 1976, and save.

Happy news:

Rainbow Dad is honored

By MARY NEAL HENRY
RAINS HAVE STILL been falling in parts of the area. Some pastures are lush and green while others remain dry.
My neighbor has a place that the west side stood in water on Sunday afternoon and the east side was dry and we live on the east side of him!

Monday night rain fell softly most of the night. Even those who have received slight moisture are thankful.
HAPPY RAINBOW ASSEMBLY honored their Rainbow Dad, Alden Mann, with a birthday party on Monday evening. The girls presented Alden a tie and then all enjoyed the specially decorated cake, homemade ice cream and punch.
4-H MEMBERS FROM the

Happy Community 4-H Club who participated in state demonstrations in Texas A&M last week were Laura Fellers and Debbie Parker, Nancy Woods and Pearl Perez, Neal Odom, Russell Bowman, Tim Parker and Ronnie McDonald. Cathy Parker was interviewed for 4-H scholarships. Adult sponsors were Faye Parker and Vivian Woods.
Neal Odom and Dudley McClurg won first at state in their beef cattle demonstration. Laura

Fellers and Debbie Parker won fourth in their community improvement demonstration.
GRACIE TIREY WAS installed Worthy Matron of the Happy Chapter of the Order of the Eastern Star on Saturday evening. Gracie chose for her theme "Patriotism." Her emblem is the Liberty Bell. Her scripture is John 3:16. Her chosen colors are red, white, and blue. And her flowers are the red rose, white lily, blue violet, yellow

jasmine and the fern. Gracie's motto is "Give your all to God, Country and Home and Freedom will endure."
Granddaughters Mandi Shipman, Roxie Johnson, and Laura Tiry presented the Bible and the Square and Compass.
Grandsons Raphe Shipman, Jay Johnson, and Jim Tiry ushered. Smaller grandsons of the Bill Tiry were unable to be present.
Catherine Miller, retiring Worthy Matron welcomed guests and introduced distinguished guests. Willie Butler, Grand officer, and Sara Gurley, a 50-year member, were introduced and recognized. Willa Elliott was installing officer. Other installing officers were Marshall, Louise White;

secretary, Pauline Wesley; chaplain, Irene Hardaway; and musician, Georgine Tiry. These officers were installed: Worthy Matron, Gracie Lee Tiry; Associate Matron, Willa Jane McManigal; Associate Patron, Alden Mann; secretary, Gladys Haley; treasurer, Eugene Sims; conductress, Ora Mary Sims; (associate conductress, Shirley Neff was unable to be present); Marshall, Louise White; chaplain, Evelyn Shipman; musician, Ann Williams; Adah, Jo Hand; Ruth, Willie Butler; Esther, Cherie Harvey; Martha, Ruth Sims; Electa, Mary Womack; warder, Ruth Mann; and sentinel, Fay Hand.

Gracie Lee Tiry is the daughter of a charter member of Happy Chapter.
Sons, Bille and George Tiry gave the opening and closing prayers.
Gifts were presented to Catherine Miller and Alden Mann, the retiring Worthy Matron and retiring Worthy Patron by Ruth Sims and Eugene

Sims, Junior Past Matron and Junior Past Patron.
Guests were served red filled jelly roll cakes and bright red punch by daughters and daughters-in-law of the Tiry's. The serving table was covered with a red cloth and centered with flowers of red, white and blue.
On the wall beyond the table hung an American Flag of the 13 colonies. Hostesses for the occasion were the Tiry's four children and their families.

MRS. PATRIEL PARKER was recently honored by her children by having a scholarship presented in her name to someone who will be attending WTSU. Mr. and Mrs. Leo McWilliams of Lubbock, Don Parker of Ropesville, Gene Parker of Canyon and Johnny and Lou Parker of Hap-

py, all helped put up a chain link fence around Mrs. Parker's home in Happy recently. They were rewarded with homemade ice cream.
CHARLES GOOD WON the Windy Ryon roping in Fort Worth last weekend. Walter Arnold won second; Randy Moore, third; Nick Harris, fourth and Eldon Dudley, fifth.
BASEBALL IS THE big news. Happy's Pirates fell to the Giants 6 to 5 last Thursday but defeated the Steelers the next evening 10 to 0. The Pirates and Giants will meet once more before the season closes. Both teams have lost only once — to each other.

THE HAPPY BRAVES coached by Ricky McPherson and Pat Sims beat the Nazareth Dodgers last week 13 to 6. Duane Tucek pitched the game. Other players are Darren Johnson, Ronnie Harvey, Monty Johnson, Ruben Baldarez, Robie Busby, Ricky Shaw, Shaun Heil, Joe Gonzales and Sammy Casillos. This team fell to the Happy Chiefs in one of the season openers. Paul Malone pitched his game for the Chiefs that evening. Missed that one, but we'll try to catch up.
HARDAWAYS' 66 SERV- ICE Station is now officially owned and operated by Richmond Payne. Richmond is looking forward to serving you.

HELEN WADE WHO now lives in California was back in her former home in Wayside recently.
Helen says that she left Wayside when she was about 15. They owned and lived on the place north of Wayside that now belongs to Dollie Bell.
All of the sisters and brothers of the family are still living. Ralph Wade works in Dallas. At one time, (I am told) Ralph worked or rodeoed with my dad, Jack Hayes. Ned and Ted live in Amarillo. Henry lives in Abilene and Eleanor also lives in California.
Helen Wade has just completed a book, "Forty Years in the Hair." The book describes her 40 years as a beautician.

MR. AND MRS. Harvey New- som moved to Tulia on Thursday of last week.
CHARLES AND INA Belle Kennedy have purchased a home in Canyon on 15th Avenue.
PICNICKING IN THE canyons last Sunday evening were the families of Ronnie Johnson, Larry Harvey, George Tiley and Jim McManigal.
MARY JANE MILLER had visitors Tuesday of last week from Oklahoma City. Roberta and Laurence Moores and their son, Ronnie and wife, Judy, and two grandchildren came by to visit. The Moores were neigh-

bors of the Miller farm east of Happy.
Melvin and Colleen Schaeffer also visited Mary Jane Miller. Last weekend, Cliff and Gladys Bowles from Lazbuddie visited Mary Jane.
BILL TIREY TELLS me that he is opening a new CPA office on Fourth Avenue — in the old bank building. Drop by to see it!
THE SUNNYHILL HOME Demonstration Club quilted all day Monday. Bertie Culp, Judy Combs, Belinda Goode, Gwynn Tucek, Mary Jane Miller, Mary Wilhelm and myself, worked the first day and completed all the squares. Plans are to finish it before wheat harvest, if possible.

J. T. HENRY won first in bareback riding in the Lubbock Junior Rodeo last weekend.
KEN HENRY WAS home Monday evening with two friends, Russ Baize of Stamford and John Crane of Wichita Falls. Ken will be traveling to Bozeman, Mont. on Sunday to participate in the NIRA (college finals) finals next week.

Angelique talked to Bobby Brown on the telephone Tuesday night. That made her day.
JESSIE LANE IS home from the hospital. She left St. Anthony's Hospital last Saturday morning after more than a three-week stay and emergency surgery.
Have a good day!

that is carried into Texas, Okla-
homa, Kansas and New Mexico.
He will anchor the interview

Small turnout for Demo runoff

Only about 350 persons cast
ballots Saturday in the Demo-
cratic run-off election to deter-
mine party candidates for rail-
road commissioner and judge of
the court of civil appeals.

Jon Newton out-balloted Jerry
Sadler in Randall County by a
330-32 margin in the railroad
commission race.

Carl Dally with 218 votes out-
lasted W. T. Phillips with 107
votes in the civil appeals judge-
ship race.

Legion nine win twice

Canyon's American Legion
team defeated two Amarillo
teams Sunday, making their pre-
season record 3-0.

In the first game it was
Canyon over Palo Duro, 12-3,
with Ken Cooper the winning pit-
cher. Canyon had 3 home runs in
this game, two by Matt Madewell
and one by Cooper.

Canyon used two pitchers in
the second game, Tracy Martin
and Hoss Ratliff, who held
Amarillo High No. 2 to four hits
and beat them 10-3. Ratliff was
the leading hitter in this game,
going 3 for 4 and having two
RBIs.

Robert E. O'Donald, president.

My Family feels one of the many privileges of being a
Member of The First Christian Church is knowing our
Minister, Terry White. He is Capable, energetic, hard
working, loving, and understanding.

We could not have endured the past few weeks if it
had not been for our faith in God and Eternal Life.

The love and concern shown us by our friends and
Church Family has strengthened our faith.

Case of mumps a lousy way to start summer

By FARRIS ANN MORRISON
WHAT A LOUSY way to start the summer! The last week of school found me confined with a case of the mumps. Please don't laugh, OK?

I missed the End of School parties, but I heard rumors of ice cream, coke floats, and other goodies. The PTA officers gave the teachers a luncheon on Saturday; so they had an "end of school" party, too.

THE JUNIOR HIGH age group were given a party by the Community Education Committee on June 4. Nearly seventy youngsters were at the Gene Howe Cafeteria for a night of games, entertainment, and refreshments.

Jerry Morris, youth-director from Paramount Baptist Church, supervised basketball, trampoline, ping-pong, and table games.

Another get-together is planned for July 9, from 8-11 p.m.; plus one in August. All Junior High age students are invited to begin a summer tradition.

THERE WERE A lot of tired bodies, sunburned noses, and aching muscles Saturday night. Pack 130 Cub Scouts and families went to High Plains Baptist Assembly for a campout. Those who attended: the families of Billy Edwards, Roy Cates, Bob Winters, Bill Seth, Walter Morris, Noland Clark, Jan Meiers, Lloyd Reneau, Fred Winters, Preston Hollis, and Phyllis Hicks — just her.

Friday night there was a campfire and ghost stories by Sherry Cates, songs by Pat and Jan Meiers, and an "epic" poem titled "Sammy Suck Egg," by Preston Hollis. After surviving the storm, everyone played what Sarah Edwards called "Red-Hot" volleyball. There was swimming, and Bob Winters got in a lot of practice pitching horseshoes. Another campout is planned for July.

TROYCE MULHERIN HAS some classes in decorative painting in the works. These are for teens, and morning or evening classes will be available. Call her for information.

THE SWEET ADELINES presented a Bicentennial program at ALT June 5th. Linda Robinson and Carolyn Farmer's mother are members of the group. Linda extended an invitation to all ladies interested in membership to come any Tuesday, 7:30, to St. Paul's Methodist Church.

WELDON McCLURE OF Hallmark Builders has developed Meadow Green-Scottie Golf. Located on the Canyon E-way near Bell, it is slated for opening June 19.

The miniature golf course will have a Myer's Drumstick Restaurant adjacent to it opening in September. Also planned is a Meadow Green Driving Range. Sounds like a fun package — "food, entertainment, and convenience."

Mr. McClure, by the way, lives north of Canyon in Val Verde.

DID YOU KNOW that Gene Howe Park has supervisors on the job from 9 a.m. to 6 p.m.? They will be on hand to check out game equipment, so come and enjoy!

SUMMER SCHOOL BEGAN June 7, and will be over July 9. There will be a holiday on the fifth of July.

Ernestine Harp said that 87 students had enrolled, with the following teachers and subjects: Ellen Wilson and Lynn Gill — L.L.D. Glandene Shenk is their teacher's aid. Gay Cochran will have Special Reading, Peggy Cranfill, aide. Jimmie Little, Speech; Tom Cook, Math; Era Bell Hanson, First Grade Reading, completes the list.

Oil paintings displayed at bank

Canyon artists, Barbara Taylor, and her mother, Ruth Allen, have a collection of oil paintings on display currently at the First National Bank of Canyon as a part of the bank's continuing series on art appreciation.

Both local women have art displayed and have been studying in the field of oil colors for about eight years.

Raised in Canyon, Barbara Taylor has painted three years, and currently has other artworks on exhibit in Amarillo at 2912 S. Spring.

WT grad excels for large grant at Texas A & M

Dr. Don A. Rice, a 1966 graduate of WTSU and the University of Missouri, recently was awarded the \$1,400 General Dynamics Teaching Award by students and other faculty in the College of Engineering at Texas A&M University.

The award has been given at Texas A&M for the past 20 years to honor excellence in teaching.

WANT A BARGAIN? Euclid and Sherwood streets are having a Garage Sale and there's bound to be a lot of good buys!

THE JOHN ZACHARYS have moved to a home on Hollywood Road. Their sons, Brent and Derek, will still be in Gene Howe School.

DALE AND JEAN Matlock have moved into a new home on Olympia. We welcome them and their son, Brent, to our area.

HANK BANNON, SON of Mr. and Mrs. J.H. Bannon, was married June 5th.

THE PEEWEE LEAGUE has a good season going. The Yankees, coached by Billy

Edwards, is 4 and 1. They beat the Red Legs, coached by Rick Warren, 19-18. Home runs were hit by Greg Cates and Darrell Williams. Jay Edwards and Troy Cates both caught fly balls. The Red Legs have a 2-3 record.

NOW THAT SCHOOL is out and we have a chance to relax, it seems everyone will be busier than ever. For us farm families, a winter vacation would be ideal. However, some Gene Howe families are already taking advantage of school being out to travel.

RONNIE AND JACKIE Mayfield, Tommy and Becky Langham went to Vermejo Park, New Mexico for fishing over Memorial Day weekend. Would

you believe 126 trout for four people?

JANE AND JERRY Davis were in Oklahoma checking out the fishing last weekend with their four children, Scott, Kent, Missy, and Mindy.

NEXT WEEKEND THE Ronnie Mayfields will have his brother Edwin, his wife, Lorraine, and their sons, Michael, Russell, Randall, and Shawn, visiting from Turlock, California.

DARWIN AND ANN Reagan are building a summer home in Cloudcroft, N.M. That's a good place to get away from the dust and heat!

THE PARENTS OF Brenda Lawless have been here visiting from Mt. Pleasant.

EURIS AND NELL Phipps, Jan and Jim, entertained her sister's two boys, Billy and Vance Willard from San Antonio recently. Mr. and Mrs. Willard met the Phipps in Wellington to visit with the parents of Nell and Pat, Mr. and Mrs. C. O. Wilkerson, and to visit Mr. Amos Phipps, Euris' father.

LARRY AND YVONDA Stokes were in Lubbock last weekend for the Lubbock Invitational Baseball Tournament. Some of the games were rained out, but at least they got to go somewhere! (This will be a common complaint to you readers...)

I would be overjoyed at the chance to go to Bushland! The two Stokes' children, Krystal and Chris, visited with Larry's parents, Mr. and Mrs. Clayton Stokes in Pampa, while they took the trip down South.

JUDY STUBBLEFIELD AND her two daughters, Shannon and Emily, were in Las Cruces, N.M. the weekend of the 29th for the Southwest Regional Dairy Goat Association Show. The girls showed their own breed, Toggenburgs, and brought home several awards. The herd name is ONLY, an anagram of their names.

In the Youth Show, Shannon won the Junior Championship, while Emily received the Reserve Championship. In Showman-

ship, Shannon had a Second, and in the Open Doe Class, she also won the Junior Championship. Judy and Lyman, the girls' parents, have raised dairy goats for nine years and took nine Nubians to the show. Their herd name is JULY, a combination of their two names.

The Stubblefields won Reserve Grand Champion and took a First in all group classes. Lyman is a licensed judge of goats under the American Dairy Goat Association and has recently been in Norman, Okla. and Terre Haute, Ind. in the capacity of judge.

SHEILA HICKS, 13, daughter of Johnny and Phyllis, attended a swim meet at SMU. She really had a wonderful time,

especially at Farrell's Ice Cream Parlor. I really didn't hear a lot about swimming!

Karol Hicks, 17, was in the wedding of Jan SoRelle and James Harkins Saturday. (Jan is a cousin.) Mr. and Mrs. John SoRelle (Phyllis' brother) of Lubbock were house guests of the Hicks.

By the way, Thursday, June 10th, is Karol's birthday... and Danny Sellers', both 17. Also on Thursday, ages unknown, are Glenna Schmidt's and Gail Betty's. Happy Birthday!

MAY I PLEASE make a special plea to ANYONE who hears anything of interest to call me? (If I can't print it, call me anyway!) Seriously, I do need your help. See you next week.
